

Monkey Capers Coloring Book: Left Hand Version

This coloring book was created with the Left Handed Colorist in mind. Have fun coloring these 27 playful monkeys either for stress relief or to brighten your day. I hope you enjoy them as much as I enjoyed creating them for you. You can use any type of medium to color these pictures. I do caution that if you use markers that you put a couple of blank pages under it as there is potential for them to bleed through to the picture on the next page. It is my hope that you are enjoying the coloring books that I have been publishing for you. I would love feedback from you letting me know how you like them.
