

## Braving the Blaze

This book is a contemporary sweet (clean) romantic suspense suitable for young adults and up. Story-line: Single-minded Dean Harward is going to become a veterinarian if it kills him. He's worked summers as a volunteer wildfire fighter to earn big cash for college. Just his luck, a pyrophobic woman gets assigned to his team. He's certain she'll get him killed before he can graduate. Terrified Ginger Warby never dreamed she would get assigned as a firefighter while trying to discover why a friend died. She planned on staying in base camp as a cook and asking a few questions. Now she's a walking firestorm as accidents continually spark around her. Or are they accidents? Can Dean keep the flames of desire he reluctantly feels for Ginger under control long enough to keep them and his Yellow Labrador, Dixie, alive?
