

## Rexology: The Way of a Warrior in the New Millennium

This book was twenty-years in the making. It asks the question, With all the different thoughts, beliefs, religions, and sciences; how do you know what path to follow in order to find self-actualization (The fulfillment of your total potential), and spiritual-fulfillment (Having values and beliefs, as to right and wrong, such that you are willing to live or die for)? This is a book of esoteric knowledge. By definition, this is knowledge of the few. However, if you can hear and understand it may unlock your full potential. It will help you to develop, or become more aware of who, and what you truly are.
