

Damsels in Distress: Volume 1

Tales of women stolen away, locked in towers, traded like goods, and sacrificed to the monster are as old as time. And always they are saved at the last by a daring knight, a noble prince, or a reluctant hero. But women have never needed men to save them, and at the end of the tale its not always the handsome man that the damsel wants to kiss... Less Than Three Press presents a collection of stories about damsels who save themselves, each other, and find love along the way.
