

## Deep Blue Sea: A New Adult Romance (Love the Captain) (Volume 4)

This exciting and sexy New Adult Romance continues the story of eighteen year-old Meredith Roxley, a young American from Vermont. During her early teenage years she was abused by Kempton. She escaped his clutches, but he has hunted her ever since, trying to find her and re-establish his control over her. Kempton has now tracked her down to Perth, Australia, where she has recently disembarked from the MV Albion. While on the Albion she fell in love with the Captain who repaired the psychological damage caused by Kempton, but his ship has sailed, leaving Meredith at Kempton's mercy. How she gets away from Kempton this time and how she survives her broken heart lead to a story with many unexpected twists and turns.
