

Dreamland (Siren Publishing Allure)

[Siren Allure: Erotic Historical Romance, time travel, public exhibition, HEA] Dicen Burke had it all. As lead singer in the world famous rock band Dark Army, the world lay at his feet. But the path to superstardom warred with a painful past, and during a performance the demons haunting him finally descended. Unable to stop the self destructive path of alcohol and drugs, when he fell, he fell hard. He wakes up in a world he doesnt know. The twenty-first-century rocker is now in the 1920s, lost and bewildered. Hes taken in by Juliet Fox, a beautiful woman trying to be a positive influence in her brothers wild lifestyle among the Hollywood motion picture elite. Dicen does his best to adapt, and with Juliet by his side, he discovers a world that offers him a clean slate. But when hes pulled back to the present, separated by time from the one person that gives him a reason to live, will he find a way to push past his demons as well as find Juliet again? Note: This book is written in one point of view. Note: This book contains drug use. ** A Siren Erotic Romance
