

First Impressions: Traditional Regency Romance Novella

*Previously published in the Sweet Summer Kisses anthology. The widower Earl of Rutherford, still in need of an heir, reluctantly sets off for London in search of a wife. He infinitely prefers the role of recluse to that of dashing beau. The Seasons Incomparable, Helena Foster, prefers books to balls. She agrees to hide her bookish tendencies in exchange for her mother agreeing to limit her to one Season. Their initial prejudices prevent their feeling they would suit, but an unlikely source may give them another chance
