

## Share your Message with the World: Vol. II

Share Your Message with the World started out as an idea of how I could get everyone to share his or her stories. Volume I was such a success and the stories were so inspiring that I decided to make Share Your Message with the World a series. I received many e-mails and phone calls from people telling me how inspired and motivated they were reading the stories in Share Your Message with the World. In Volume II, the stories are just as inspirational, educational, and informational. I am a big believer that no one cares anything about what you're selling, offering, or providing until they know more about you. This book will tell you the personal journeys of people around the world, how they overcame the struggles of life and stayed focused on the place they were aiming for. It is true that every day our directions might change, but the one thing that is important is that you stay focused on where you are going to conquer the struggles and recognize the lessons from them. I believe that everyone needs to hear or read someone else's story to be able to continue through daily struggles. The stories in this book and Volume I are the proof you need to know that you too can make it to the finish line. Make sure to Share Your Message and learn how you too can help someone through his or her journey of life.
