

# Introduction to the I Ching (An Overview of the Book of Changes for Beginners)

The I CHING or the Book of Changes is one of the oldest Chinese classic texts and contains a divination system that was used in ancient China. As a manual of divination, it interpreted events through readings based on symbols expressed in the trigrams and hexagrams. The I CHING successfully offered guidance to emperors, generals and civilians. Although thousands of years have passed, the popularity of using the I CHING as an oracle remains. This e-book is not a direct translation of the I CHING. It provides a foundation for advanced studies and gives the overview of practical application in the modern world. Table of Contents I. The History of the I CHING II. What Is the I CHING III. Elements of the I CHING IV. The Structure of the Book I CHING V. The Eight Trigrams VI. The Overview of 64 Hexagrams VII. Modern Oracle Usage of I CHING VIII. The Method of Divination IX. An Example of Divination X. Appendix (Table of Trigrams/Hexagrams)
