

The Artist And His Alpha (Alpha and Omega Series) (Volume 3)

The Artist and His Alpha Alpha and Omega Series book 3 standalone. Caden Wolfe lives his life hiding from the world. As an Omega with a brute of an Alpha looking for him, he can't afford to take any chances. He is happy enough with his art, his one good friend Felix and his agent who adores his paintings. It's a far cry from life on the streets and Caden is determined to keep working hard, and stay out of the spotlight. Staying away from all things wolf is easy enough in the city, until he meets the one man with the potential to blow his cover and his way of life, out of the water. Sean Black has it all a brother for pack, a home pack that is still supportive but far enough away not to interfere with his daily life, a good business, and men who clamor for his attention every night of the week. The last thing he wants or needs is a mate, but after a brief meeting with a gorgeous artist, he realizes his life will change, and not necessarily in a good way. A misunderstanding leads to danger for Caden and Sean has to make a choice. Can he give his Omega what he needs, or should he make sure he's protected and then walk away? A rogue Alpha with an agenda of his own, a trap, and trouble from the council are just a few of the things this couple will have to contend with if they are ever to have their HEA. Warning: This book is an M/M paranormal romance. It includes sexual scenes between two men. It also includes an Omega who will tug at your heart, an Alpha who deserves a smack around the ears at times, and a love story that takes just a little while to unfold. This is based on the true mate trope, so if that is not your cup of tea, then please don't buy any of my books. The Alpha and Omega series are all standalone books, with no relation to each other at all, unlike my books in other series.
