

Gasp!

Gasp!

Jeff Paxton came home from Afghanistan looking to put down roots. Instead his pregnant sister talks him into a job babysitting the volatile megastar, Nigel Gasp. Nigel is stubborn, needy, and determined to be the center of attention everywhere he goes. Before long, Jeff realizes that something is bothering Gasp, and that keeping him out of trouble might be more difficult than he thought. Nigel never planned on getting old. He simply assumed a hard drinking, hard partying lifestyle would take care of that. Now that hes turning forty, hes depressed and a little bit desperate. To Nigel, forty seems like a fine age to deposit his DNA and check out while hes still on top. The last thing Jeff needs is to fall in love with Nigel Gasp. The last thing Nigel expects is a whole new reason to live. But how can Jeff put down roots with a man who is never in the same place twice? Love can be shocking. Gasp!
