

Roth: Shapeling Trilogy Book One: Protector

Shapeling Trilogy Book One: Roth: Protector Book Two: Fawn: Master Book Three: Davide: Prince Mysteries introduced in book one are solved throughout books two and three. For over two thousand cycles of the sun, Roth Beowolf has completed missions as a Shapeling Protector. The successful completion of his current assignment will usher him into the ranks of Shapeling Master. The Thirteen co-Princes have sent him to act as bodyguard to Rainey Childress, spoiled heiress and brilliant scientist. This decisive mission is turning into possibly his worst. As the only child of Harold Childress, founder of Childress Enterprises, Rainey Childress stands at the brink of an amazing discovery using frequencies to alleviate untold suffering. Because of her work and her heritage, bodyguards are a way of life; however, Roth Beowolf is turning into the bodyguard from hell...or is that heaven? Excerpt: Rainey punched her pillow yet again. She wanted to sleep, needed to sleep because of the workday ahead of her. She opened her eyes and sat up. Damn bodyguard. What was his name? Ross... Ron... Rat... Roth. Wolf... Beowolf. What the hell kind of name is that? She walked to her window and pulled the drapes aside. Shifting clouds played with an almost full moon. Eerie shadows waltzed across the grounds of her father's estate. Unexpectedly, the clouds cleared and the moon shone brilliant. Rainey gasped when a huge bird swooped from the sky and soared past her window, its magnificent wings agilely directing its body. She watched the creature until it disappeared in the direction of the woods. I wish I could fly with you.
