

Bear to the End (Bear Claw Security Book 5)

When it comes to protecting his mate, this powerful businessman is all bear... Mark Bronson is the newest addition at Bear Claw Security. Despite his fancy clothes and his former position as head of a highly successful company, hes now ready to use his big, muscular body for crunching bad guys instead of crunching numbers. When his first potential client walks in, with delicious curves and a smile that screams mate, hes ready to go into action. Until she says she doesnt want to work with him and would rather work with his rougher, tougher twin. Its a good thing that with the right clothing, Mark looks exactly like his brother, because he isnt going to let anyone else take on the task of protecting his mate.

Charlotte has had bad luck with men, and she needs Bear Claw Security to make sure that luck doesnt get worse. But she doesnt want to work with the first guy available. Hes handsome, well-dressed and reminds her of things shed rather forget. Shes sure shell be more comfortable with his twin, whos rougher and more relatable. When her new bodyguard shows up, shes surprised to see the same searing blue gaze and magnetic attraction as the man in the office. Despite there being something odd about the situation, Char quickly feels safe. She might even want more than simple protection from this man. Like steamy kisses, and late night rendezvous, and maybe even something that lasts forever. Too bad Charlottes evil ex might just have other ideas... Bear to the End is a full-length shifter romance with action, adventure, steamy scenes, intense secrets and a growly bear hero who holds his own in the boardroom and the bedroom! Enjoy!
