

Stalker Duology

The Stalker Duology by NEW YORK TIMES & USA TODAY Bestselling Author Clarissa Wild contains both Killer (the prequel) and Stalker. -- Now includes a special never-before-released Bonus Scene! --

KILLER: Some secrets are meant to stay hidden. Secrets could kill you. My husband is the prime example. I'm a trophy wife. Someone's prized possession, just there to be pretty. My dreams were pushed aside for his. Until one fateful night, one chance encounter, all his dirty secrets were exposed. And then my supposed husband is killed. I should be sad, but all I feel is anger. My husband is a lying, cheating bastard. And if that isn't bad enough, I'm now the prime suspect for his murder. Only his brother believes I'm innocent, and in his support, I find relief. However, I will find the real killer and bring him to justice ... before he tries to end my life too.

STALKER: F*ck me once, I'll f*ck you twice then I'll bury you. No prison can keep me from seeking revenge. Especially when it comes to her. She, the woman who put me in jail. I swore that I'd come for her, to claim what belongs to me: Her life. I'm not a good man. On the contrary, I love to be bad. It's in my veins. Just like it's in my veins to ruin her. She's an actress, pretending to be a saint, but we both know that isn't true. One way or another, she'll pay for what she did. I will hunt for her. Make her fear me. Make her body mine. Bad deeds never go unpunished. And I always go out with a bang.

WARNING: This book has a non-conventional ending. This isn't rainbow sprinkles & unicorn fluff. It's a dark, thrilling journey of two people clashing over love, lust, and hatred. Heed the warning. Contains graphic violence, alcohol, drugs & other disturbing content. No Cliffhanger. Complete at 120,000 words. Stand Alone.
