

## The Wind Off the Island

Continuing the seafaring adventure launched in *The Journeying Moon*, Bradford and his wife are now voyaging around the island of Sicily, where the couple basks in the captivating history of the land. Home to numerous important archeological sites and Mount Etna, the only active volcano in Europe, Sicily provides the perfect backdrop for this tale of exploration and wonder. In a model travel narrative, Bradford perfectly encapsulates the sights and sounds in his captivating and deeply personal portrayal of an ancient and extraordinary island.
