

How To Be Creative - Unleashing The Genius Within

Creative thinking is something everyone is able to do if they knew how. Creativity is not something that special few people are born with. Knowing and understanding what creativity is can help you to become much more productive. You don't have to be a genius to think like one. This book will show you how you can become creative and perhaps generate some break through ideas. A few simple and fun exercises that you can practice will help you to become much more creative.
