

## No Place That Far

Sometimes you only get one chance at a second chance. The Distance Between Us, Book 5 Still finding his footing after a long-overdue divorce, Marcus is looking forward to some mind-numbing drinking while ogling the grooms at Chris and Juliens wedding. He never expected his attention to be diverted by the gorgeous best man. One of Juliens French Foreign Legion buddies, Timur doesnt speak much English, but language is no barrier to Marcus understanding exactly what the huge Tartar wants-a one-night stand. Except that one night turns into two, three, then more, which puts Marcus on edge. After Timur is done house-sitting for the honeymooning couple, hes headed back to the Legion for another five years. Like it or not, once Timur gets on that plane, the fling is over. Unfortunately, Marcus forgot to tell his heart not to fall in love. And this time, if history repeats and he makes another wrong decision, he may never see his tattooed Legionnaire lover again. Warning: Contains a soldier who makes up for his lack of English by using his hands to read his lovers body; a chef-turned-bartender who no longer believes in love; a length of paracord that probably wasnt meant to be used this way; and a couple of newlyweds who are game for some four-way play.
