

## Wolfsbane (Wolfsbane Omega MPreg Trilogy Book 1)

Reluctant omega, Conner, has been living in the woods alone for months. He doesn't remember anything from his past or even how he came to the forest. The last person he expects to look for him is a powerful, muscular alpha like Bane. As gentle Conner feels lured by Bane's delicious musk and naked form wading in the lake, the omega's body reacts. His senses go numb, his rear clenches, parts harden. Only, Conner knows that Bane isn't there in the forest to knot the young omega; he's there to kill him. Book 1 of 3 in the Wolfsbane Trilogy. A 110-page story with adult content, sexually explicit scenes between a strong, demanding, yet understanding alpha and a tender, sweet omega. Contains male breeding and knotting.
